Speech Therapists with a combined 30
years of experience with children with
severe communication and physical needs.

Does your child have severe
communication and/or physical needs?
Have you always wanted summer
experiences for them that are fun,
educational, and accessible? Then this
is for your family!

We are a team of therapists,
specializing in augmentative
communication and speech services for
individuals with severe impairments. As
therapists and parents, we recognize
that the same camp opportunities are
not available for all children and have
set out to do something about it! Each
day will include literacy, art,
music/movement, writing, and animal
exploration. Our science center themes
will include:

- Monkey See, Monkey Do
- Birds of a Feather...
- Snakes, Turtles, & Crocs, Oh My!
- Something's Fishy
- Sheep in a Jeep, Barnyard Fun!

This summer speech camp will be
interesting and engaging! We hope to
see you soon!

Sincerely,
Becca, Wendi & Jennifer
