GUILFORD COUNTY SCHOOLS  
**DIRECTORY OF COMMUNITY AGENCIES**

---

# Contents

The Guilford County Partnership for Exceptional Children recognizes that the use of labels to categorize students with special needs arouses mixed feelings. As parents and professionals invested in caring for exceptional students, we believe that diagnoses or conditions no more define a child than his/her hair color or height would. For the purpose of clarity, and to help you find the information most pertinent to your family's needs, we have chosen to organize this directory using the Areas of Eligibility as defined within special education law. However, we wish to acknowledge that these labels represent only one trait in each unique and special individual.
